

White River Township Fire Department

~ Fire Prevention Division ~

October 7, 2013

Dear Business Owner/Manager,

This letter is to notify you that the White River Township Fire Department is switching dispatch providers from the Greenwood Police Department to the Johnson County Sheriff's Department. This will take place on October 10th, 2013.

This change will have no impact on your emergency service. However, in order to ensure the fastest possible call processing time, you must notify your fire alarm monitoring company that the telephone number they use to contact our dispatch center is changing. The new number is **317-736-5155**.

This will also be the number you or your fire protection system technician will need to call if any of your fire protection systems will be taken offline for drills, testing or service. We are providing replacement labels for your sprinkler riser(s), fire alarm control panels, and annunciator panels to serve as a reminder of this requirement.

Please make sure to notify your fire alarm monitoring company of this change. Failure to do so may result in a delayed fire department response.

Feel free to contact me if you have any questions or concerns.

Respectfully,

Michael Arany
Fire Marshal
